September 5, 2018

Attention Round Rock Citizens:

We wanted to bring to your attention that starting October 1, 2018, the City of Round Rock will be taking over operations of the Brushy Creek Regional Wastewater System, which includes the Wastewater Treatment Plant located at 3939 East Palm Valley Boulevard. We are continuously striving to make improvements at the treatment plant to ensure that this facility does not become a nuisance to the community, but an integral part of the basic functions of the City.

If at any time citizens have any questions or concerns about the plant, please contact the following numbers:

24/7 On-Call Number      512-218-5555

Or

Normal Business Hours:    Mr. Buddy Franklin  
Wastewater Treatment Plant Superintendent  
512-801-4449

Please let us know if you have any questions. Thanks.

Sincerely,

Michael D. Thane, P.E.  
Director of Utilities & Environmental Services  
City of Round Rock
